

PARTICIPANT NUMBER* **REQUIRED**

COMPANY/INSTITUTION NAME* **REQUIRED**

2022 Immunology Laboratory Enrolment Form

Sample Dispatch:

- Material for all enrolments received prior to Friday 11 December 2021 will be dispatched Monday 11 January 2022 (excludes Immunophenotyping, HLA B27 Status, B Cell Subsets).

Program Amendments:

- Reporting of confirmatory testing results will be enabled for the Skin Antibodies program (Desmoglein 1, Desmoglein 3, BP180, BP230).
- Reporting of screening dilutions will be enabled for most indirect immunofluorescence methods.
- Reporting of serum protein electrophoresis fractions will be enabled in the Paraprotein program.
- Reporting of DFS-70 will be enabled in the Extractable Nuclear Antigens (ENA) program.
- Clinical interpretive comments will now be incorporated into the report commentary instead of a reportable field.

Contact Details

Note the address details displayed your Enrolment and Participation Certificates is the physical location of your laboratory. If you have recently moved premises please complete the below for updating in our system:

17050202	Case Study - Additional Result submissions		
17050301	Case Study - Individual Pathologist		
17060102	Coeliac Disease Antibodies		
17060202	Coeliac Disease Antibodies - Data Management		
17070102	Cyclic Citrullinated Peptide		
17070202	Cyclic Citrullinated Peptide - Data Management		
17080102	Drug Allergens		
17080202	Drug Allergens - Data Management		
17370102	dsDNA and Associated Antibodies		
17370202	dsDNA and Associated Antibodies - Data Management		
17380102	Extractable Nuclear Antigen (ENA) Antibodies		
17380202	Extractable Nuclear Antigen (ENA) Antibodies - Data Management		
17090102	Food Allergens		
17090202	Food Allergens - Data Management		
17100102	Fungal and Avian Antibodies		
17100202	Fungal and Avian Antibodies - Data Management		
17120102	High Sensitivity C Reactive Protein (hsCRP)		
17120202	High Sensitivity C Reactive Protein (hsCRP) - Data Management		
17130102	HLA B27 Status		
17130202	HLA B27 Status - Data Management		
17150102	Immunoglobulin D		
17150202	Immunoglobulin D - Data Management		
17160102	Immunoglobulin E		
17160202	Immunoglobulin E - Data Management		
17140102	Immunoglobulin G Subclasses		
17140202	Immunoglobulin G Subclasses - Data Management		
17170102	Immunophenotyping		
17170202	Immunophenotyping - Data Management		
17180102	Inhalant Allergens		
17180202	Inhalant Allergens - Data Management		
17190102	Liver Antibodies		
17190202	Liver Antibodies - Data Management		
17210102	Myasthenia Gravis Antibodies		
17210202	Myasthenia Gravis Antibodies - Data Management

17350202	Vasculitis Antibodies - Data Management	

Terms:

1. Pre-payment term: a proforma invoice will be issued upon receipt of purchase request/order.
2. Cancellation and Refund policies for RCPAQAP orders apply and are subject to SDT Molecular's review.

Notes:

1. A quotation will be issued upon submission of enrolment form unless specified.
2. Kindly ensure to provide ISP codes that correspond to the intended modules and are valid for the calendar year.
3. All submitted information will be deemed confidential and only be disclosed within SDT Molecular and RCPAQAP (ISP codes only to be disclosed for customs purpose)
4. For further questions, you may contact SDT Molecular at enquiry@sdt-molecular.com or by submitting this form via the "EMAIL" button.

Email your completed enrolment form to [SDT Molecular Pte Ltd](#) for processing by clicking the email button below:
